

## GEORGIA AT A GLANCE

- Fastest growing market in Eastern Europe with a focus on quality and GxP compliance.
- Short approval timelines and friendly regulatory environment.
- No import license for clinical trial materials, including investigational product (IP).
- Study approval is sufficient for import authorization.
- Clear and effective regulatory process and streamlined customs clearance.
- Direct ship-to-site option is available for small or urgent shipments.
- No VAT and customs duties for IP.

# IMP LOGISTICS CAPABILITIES IN GEORGIA

Georgia, home to 5+ million people, is a country at the crossroads of Europe and Asia; it maintains close ties with the West and offers simplified approval processes. Georgia's timeline from approval to first patient screened is the shortest in the region.

- In operation since 2014.
- Located in the center of Tbilisi, the capital of Georgia.
- Access to a population of 5+ million.
- Local depot provides better control over supplies to accommodate peak demand.
- Same-day delivery is feasible.
- Pharmaceutical license in place.
- Full range of services including regulatory support, import/export license applications, customs clearance coordination, storage in all types of temperature zones, distribution and logistics across the country, courier services, comparator sourcing, equipment purchasing/leasing, export of biosamples, collection of returns, and certified destruction.
- Overall storage capacity of 320 m<sup>3</sup>.

Ambient (+15 - +25°C)	2 - 8°C	- 15 -25°C
420 shelves	108 shelves	16 shelves

## IMP DELIVERS IN-DEPTH KNOWLEDGE, RESOURCES, AND EXPERTISE TO SUPPORT DRUG DEPOT AND DISTRIBUTION PROJECTS IN CENTRAL AND EASTERN EUROPE AND ISRAEL.

IMP Logistics is headquartered in the UK with operations in Russia, Ukraine, Belarus, Georgia, Moldova, Serbia, and Israel. We have unique expertise and hands-on experience in a region that offers significant potential for patient recruitment. IMP Logistics combines science, technology, and a strong customer service approach in a format that provides the highest quality and efficiency in cold-chain logistics.

IMP Logistics is the largest provider of its kind in a region covering 200+ million people and 12 time zones. Our extensive services and successful record of 12+ years of operation make us a trusted long-term partner for global logistics providers, CROs, and pharmaceutical and biotechnology companies.
