

The **Junkyard Tales Audio Advent Calendar Day 8**. When Spiro learns that the young mice went out on their own, he doesn't want to wait for a plan to be formed — he wants to help them NOW. So he puts on goggles, straps a flashlight to his head, and protects his paws with plastic cups, Super Skunk is coming to the rescue!

Spiro is one of everyone's favorite characters. What qualities do you like about Spiro? I wonder what Spiro would look like dressed as Santa? Or as a reindeer? Or as an elf?
