

The **Junkyard Tales Audio Advent Calendar Day 13**. It seems Mitzie Niegel has told a number of animals in town about the Junkyard's challenge. When Ben's old friend Cowboy comes to help out, he learns that the Junkyard is important to many more animals than he had thought!

Cowboy tells Ben that he thought the Junkyard was going to be replaced by an amusement park. What if the Junkyard wanted to make their own amusement park? What would they use to build a ferris wheel or a roller coaster? You can use this page to draw what you think it would look like.
