Objectives

Compassion's objectives stem from our 2020 Vision, which is about bearing good fruit and bearing much fruit for the glory of God. It is about developing the systems and processes needed for future growth, and developing Compassion's four programs to fully realise our mission of releasing children from poverty.

Compassion's global 2020 Vision aims to:

- Produce definitive and measurable program results based on outcomes in the lives of babies, children, students, sponsors, and our church partners
- Build Compassion's brand and reputation as the global standard in holistic child development, in child sponsorship and in the alleviation of childhood poverty
- Challenge Christians to heed the biblical mandate of reaching out to the poor, as sponsors and donors become authentic advocates for children living in poverty
- Challenge the Church to mobilise in unforeseen ways to respond to the issues of children living in poverty

For more information on these global objectives, please refer to the ministry goals pages within Compassion Australia's annual report for financial year 2013-2014, which can be found at www.compassion.com.au/annualreport

Compassion's strategy for achieving our objectives

To help lead us toward the 2020 Vision, Compassion International identified five essential global moves, or large strategic decisions or investments:

1. Maximise the ministries: By 2016, we will redesign an integrated world-class ministry model that empowers Implementing Partners to most effectively deliver age-appropriate holistic child development programming, engages supporters more deeply, and continuously builds Compassion's brand.
2. Transform core processes with technology (TCPT): We will innovate our global core processes and apply effective technology while replacing ineffective systems to enable the 2020 Vision.
3. Mobilise the church: We will leverage our expertise, reputation and tools to mobilise the Church to effectively respond to the needs of children in poverty.
4. Strengthen sponsor engagement: We will transform our connections between: sponsors and beneficiaries; supporters and Compassion; supporters with one another; and supporters and potential supporters, in order to maximise engagement.
5. Seize global opportunities for expansion: We will seize opportunities for growth to increase global funding.

As part of a global network, each partner country has its own strategy to help achieve the 2020 Vision. For Compassion Australia, this strategy has been divided across three distinct phases:

- Phase 1: Building Capacity
- Phase 2: Transition to Growth
- Phase 3: Growth

In financial year 2013 - 2014, Compassion Australia completed the second and final year of a capacity building phase that focused on empowering staff and reviewing our processes and systems. Based on Compassion International's global moves, Compassion Australia identified strategic focus areas for Phase 1: Building Capacity: God, Staff, the Church, supporters and children.

In financial year 2014 – 2015, Compassion Australia will commence the first of three years in Phase 2: Transition to Growth. The goals of this phase include:

- Acquiring and engaging new supporters
- Delighting and retaining existing supporters
- Revolutionising systems and processes
- Developing people and culture

For more information on these overarching goals, please refer to the ministry goals pages within Compassion Australia's annual report for financial year 2013-2014, which can be found at www.compassion.com.au/annualreport

Principal activities

The principal activity of the company during the course of the financial year was releasing children from poverty in developing countries.

There were no significant changes in the nature of the activities of the company during the year.

Review and result of operations

Key results for the year include:

- The operating surplus for the year amounted to \$1,760,481 (2013 surplus: \$1,064,111).
- The total income for the year amounted to \$72,004,726 (2013 income: \$68,130,117). This is an increase of 5.69% (2013: 4.86%) in total income for the year. The primary drivers of this increase were the changed sponsorship rate and the appeal for the Philippines disaster caused by typhoon Haiyan.
- The number of beneficiaries grew to 103,751 (2013: 102,289) which represents an increase of 1.43% (2013: 3.15%).
- The commitment of our sponsors and donors is evidenced by a low cancellation rate of 6.84% (2013: 6.72%) for the year.
- Within the year, 20.07% of the total expenses were spent on administration and fundraising expenses.

Compassion's Board appreciates the continuing dedication of staff, volunteers, advocates and advice of consultants, which has enabled the organisation to maintain a solid financial position.

Environmental regulations

The company is subject to environmental regulation in respect to ownership of land and buildings. These regulations are those that apply to all land holding businesses and had no significant impact on the operation of the organisation during the financial year.

The directors are not aware of any breaches of environmental regulations.

Significant changes in the state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the company that occurred during the financial year under review.

Likely developments

In the opinion of the directors, the company is likely to pursue its policy of releasing children from poverty in developing countries. It is expected that the company will continue to grow at its rate of ordinary growth.

Matters subsequent to the end of the financial year

There has not arisen, in the interval between the end of the financial year and the date of this report, any item, transaction or event of a material and usual nature likely, in the opinion of the directors of the company, to affect significantly the operations of the company, the results of those operations, or the state of affairs of the company in future financial years.

Members' Guarantee

The company (Compassion Australia) is limited by guarantee. Each member of the company undertakes to contribute to the property of the company in the event of the same being wound up while he/she is a member, or within one year after he/she ceases to be a member.

Each member's contribution covers the payment of the debts and liabilities of the company contracted before he/she ceases to be a member, and the costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories among themselves, provided the required adjustment amount does not exceed one hundred dollars (\$100).

The number of members at 30 June 2014 was six (and in 2013, seven).

Indemnification and insurance of officers

Indemnification

The company has agreed to indemnify the following current directors of the company—Mr M Jeffs, Rev J Bond, Mr I Moody, Ms A Jackson, Mr K Medwin and Ms M Chua—against all liabilities to another person (other than the company) that may arise from their position as directors of the company. The only exception is where the liability arises out of conduct involving a lack of good faith. The agreement stipulates that the company will meet the full amount of any such liabilities, including costs and expenses.

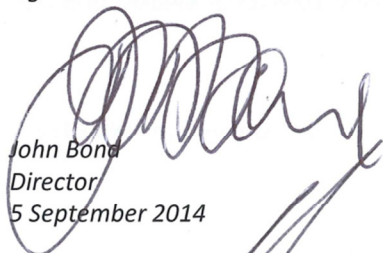

Insurance Premiums

Since the end of the previous financial year, the company has paid insurance premiums under an Association Liability Policy. The directors have not included the details of the nature of the liabilities covered or the amount of the premium paid in respect of the Association Liability Policy, as such disclosure is prohibited under the terms of the contract.

Auditors' independence declaration

Note 1 Summary of significant accounting policies

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards: Reduced Disclosure Requirements, other authoritative pronouncements of the Australian Accounting Standards Board, Australian Accounting Interpretations and the *Corporations Act 2001*, the *Charitable Fundraising Act 1991*, the *Charitable Collections Act 1946 (WA)* and the Australian Council for International Development (ACFID) Code of Conduct. Compassion Australia is a not-for-profit entity for financial reporting purposes.

Compliance with Australian Accounting Standards: Reduced Disclosure Requirements

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements of the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* under AASB 1053: “*Application of Tiers of Australian Accounting Standards.*” The company is a non-for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial statements of Compassion Australia comply with the Australian Accounting Standards: Reduced Disclosure Requirements as issued by Australian Accounting Standards Board (AASB) as they pertain to not-for-profit entities. Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions; events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the group’s accounting policies. The major estimates and judgments are as follows:

Estimation of useful lives of assets – the estimate of useful lives and related depreciation and amortisation charges are considered annually by the directors and adjusted if required to reflect changes in the useful life of assets. Details of useful life assessments are detailed in Note 1(h).

Impairment of assets – the directors determine annually whether there are any indicators of impairment by evaluating conditions applicable to financial and non-financial assets. If an impairment trigger exists, the recoverable amount of the asset is determined as either fair value less costs to sell or value-in-use calculations. Details of useful life assessments are detailed in Note 1(j).

Employee benefits – As discussed in Note 1(k), the liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases are taken into account.

(b) Taxation

The company, being a Public Benevolent Institution, is currently exempt from income tax under Section 50-5, Item 1.1 of the *Income Tax Assessment Act 1997*.

Note 1 Summary of significant accounting policies (continued)

(c) Foreign currency translation

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss, except when they are deferred in equity as qualifying cash flow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation.

(d) Acquisitions of assets

The historical cost method of accounting is used for all acquisitions of assets. Cost is measured as the fair value of the assets given up or liabilities undertaken at the date of acquisition plus incidental costs directly attributable to the acquisition.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of the acquisition. The discount rate used is the incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

(e) Revenue recognition

Revenues are recognised at fair value of the consideration received net of the amount of goods and services tax (GST) payable to the Australian Tax Office (ATO).

Sponsorships and donations

Sponsorship income is recognised in the period in which it is received in cash contributions. Donation income is recognised in the period in which it is received.

Endowment operations and undesignated funds

Income from endowment operations and undesignated funds is recognised in the period in which it is received.

Gifting policies

Increases in the surrender value of gifting policies are recognised in the period to which they relate.

Sale of non-current assets

The net profit arising from non-current asset sales is included as other income at the date control of the asset passes to the buyer, usually when an unconditional contract of sale is signed. The gain or loss on disposal is calculated as the difference between the carrying amount of the asset at the time of disposal and the net proceeds on disposal.

Interest revenue

Interest revenue is recognised as it accrues.

(f) Investments

Life assurance policies included in the financial statements are based on the surrender value of the policies, as advised by the insurer. These amounts arise from transactions outside the usual operating activities of Compassion.

These policies are treated as financial assets at fair value through profit and loss and are non-interest bearing. Compassion is only entitled to receive the investment once the insured passes and the life assurance policy is actioned.

Changes in fair values of financial assets at fair value through profit and loss are recorded in other income or other expense in the statement of comprehensive income.

Note 1 Summary of significant accounting policies (continued)

(g) Property, plant and equipment

Freehold property

Freehold land and buildings are recorded at cost less accumulated depreciation. Freehold land and buildings that have been contributed at no cost or for nominal cost are valued and recognised at the fair value of the asset at the date it is acquired.

Plant and equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 1(j) for details of impairment).

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss in the financial period in which they are incurred.

Plant and equipment that have been contributed at no cost or for nominal cost are recognised at the fair value of the asset at the date it is acquired.

(h) Depreciation

Land is not depreciated. Depreciation on other assets is calculated using the straight-line method to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives. The expected useful lives are as follows:

| | 2014 |
|--------------------------------|-------------|
| Buildings | 50 years |
| Motor Vehicles | 4.44 years |
| Office Furniture and equipment | 10 years |
| Computer equipment | 3 years |
| Fundraising equipment | 3.3 years |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Where items of plant and equipment have separately identifiable components which are subject to regular replacement, those components are assigned useful lives distinct from the item of plant and equipment to which they relate.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

(i) Investment property

Investment property, principally comprising freehold land and buildings, is held for long-term rental yields and is not occupied by the company. Investment property is stated at historical cost less depreciation. Land is not depreciated. Depreciation is calculated using the straight-line method to allocate the cost over the useful life of the buildings. The expected life of the building is 10 years.

Note 1 Summary of significant accounting policies (continued)

(j) Impairment of assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

(k) Employee benefits

Wages, salaries and annual leave

Liabilities for wages and salaries, including non-monetary benefits and annual leave expected to be settled within 12 months of the reporting date are recognised in other creditors in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

Long service leave

The liability for long service leave expected to be settled within 12 months of the reporting date is recognised in the provision for employee benefits and is measured in accordance with 'wages, salaries and annual leave' above. The liability for long service leave expected to be settled more than 12 months from the reporting date is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service.

(l) Cash and cash equivalents

For cash flow statement presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(m) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), unless the amount of GST incurred is not recoverable from the Australian Tax Office (ATO). In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the ATO is included as a current asset or liability in the balance sheet.

Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

(n) Derivatives

From time to time, Compassion enters into forward exchange contracts to make payments overseas for charitable purposes. For forward contracts, funds are transferred overseas either at the contracted exchange rate or the rate of exchange ruling at the date of the transaction, depending on whether certain conditions are satisfied under the forward exchange contract.

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in the fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. Compassion have not designated any derivative contracts as hedging instruments and as such changes in the fair value of the instruments are taken to the profit and loss.

Compassion did not enter into any derivative contracts during the 2014 financial year (2013: nil).

Note 1 Summary of significant accounting policies (continued)

(o) Trade and other receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts. Trade receivables are expected to be settled no more than 30 days from the date of recognition.

Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for doubtful receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. Cash flows relating to short-term receivables are not discounted if the effect of discounting is immaterial. The amount of the change in the provision is recognised in the statement of profit and loss and other comprehensive income.

(p) Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(q) Intangibles

Significant costs associated with software acquired are deferred and amortised on a straight-line basis over the period of their expected benefit and are classified as a finite life intangible asset. Software is amortised over a 3 to 5 year period.

Employee Provisions

Employee provisions represent amounts accrued for long service leave.

The current portion for this provision includes the total amount accrued for long service leave entitlements that have vested due to employees having completed the required period of service. Based on past experience, the company does not expect the full amount of long service leave balances classified as current liabilities to be settled within the next 12 months. However, these amounts must be classified as current liabilities since the company does not have an unconditional right to defer the settlement of these amounts in the event employees wish to use their leave entitlement.

The non-current portion for this provision includes amounts accrued for long service leave entitlements that have not yet vested in relation to those employees who have not yet completed the required period of service.

Make-good Provision

This provision is for returning the leased property at Unit 8, 40 Brodie Street, Rydalmere NSW back to its original state. It is expected to be settled in the 2015 financial year.

Demolition Provision

This provision was for the demolition of the buildings located at 31 Warabrook Boulevard, Warabrook NSW. Costs associated with the demolition and restorations were settled in the 2014 financial year and the liability discharged.

Note 18 Financial risk management

Compassion's financial instruments consist mainly of deposits with banks, receivables and payables, derivative instruments and borrowings.

The carrying amounts for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

| | Note | 2014 \$ | 2013 \$ |
|--|------|-------------------|------------------|
| Financial assets | | | |
| Cash on hand, at bank and cash equivalents | 5 | 11,682,748 | 9,198,327 |
| Accounts receivable and other debtors | 6 | 409,545 | 314,162 |
| Financial assets at fair value through profit or loss: | | | |
| – Gifting policies at surrender value | 10 | 238,449 | 218,734 |
| Derivative Instruments | | - | - |
| Total financial assets | | 12,330,742 | 9,731,223 |
| Financial liabilities | | | |
| Financial liabilities at amortised cost: | | | |
| – accounts payable and other payables | | 9,579,575 | 8,453,597 |
| – borrowings | | - | - |
| Total financial liabilities | | 9,579,575 | 8,453,597 |

Fair Value Disclosures

For gifting policies measured at fair value through profit and loss, the fair value has been based on current surrender value as advised by the policy issuer as at reporting date.

The company does not measure any other assets or liabilities at fair value on a recurring basis after initial recognition. The carrying amount of financial assets and financial liabilities as disclosed in the statement of financial position and notes to the financial statements approximates their fair value.

Note 19 Commitments and Contingencies

(a) Capital commitments

Capital expenditure contract for at the report date but not recognised as liabilities is as follows:

| | 2014 \$ | 2013 \$ |
|--|----------------|---------------|
| Future Lease Commitments | | |
| Lease Payable: | | |
| Within one year | 82,650 | 22,200 |
| Greater than one year but less than five years | 186,110 | 22,200 |
| | 268,760 | 44,400 |

Note 19 Commitments and Contingencies (continued)

(b) Contingent Assets

Members Guarantee

The company (Compassion Australia) is limited by guarantee. Each member of the company undertakes to contribute to the property of the company in the event of the same being wound up while he/she is a member, or within one year after he/she ceases to be a member.

Each member's contribution covers the payment of the debts and liabilities of the company contracted before he/she ceases to be a member, and the costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories among themselves, provided the required adjustment amount does not exceed one hundred dollars (\$100).

The number of members at 30 June 2014 was six (and in 2014, seven).

(c) Contingent Liabilities

The company has no contingent liabilities at 30 June 2014 (2013: nil)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF COMPASSION AUSTRALIA

Report on the financial report

We have audited the accompanying financial report of Compassion Australia (the company), which comprises the statement of financial position as at 30 June 2014, the statement of profit and loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

Auditor's Opinion on the Financial Report

In our opinion, the financial report of Compassion Australia is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the company's financial position as at 30 June 2014 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards – Reduced Disclosure Requirements and the *Corporations Regulations 2001*.

Report on the requirements of the NSW Charitable Fundraising Act 1991 and NSW Charitable Fundraising Regulations 2008 (NSW)

We have audited the financial report as required by Section 24(2) of the *NSW Charitable Fundraising Act 1991*. Our procedures included obtaining an understanding of the internal control structure for fundraising appeal activities and examination on a test basis, of evidence supporting compliance with the accounting and associated record keeping requirements for fundraising appeal activities pursuant to the *NSW Charitable Fundraising Act 1991* and the *NSW Charitable Fundraising Regulations 2008* (Regulations).

The accounting records and data relied upon for the fundraising appeal activities are not continuously audited and do not necessarily reflect after the event accounting adjustments and the normal year-end financial adjustments for such matters as accruals, prepayments, provisioning and valuations necessary for the year-end financial report preparation. The performance of our statutory audit included a review of internal controls for the purpose of determining the appropriate audit procedures to enable an opinion to be expressed on the financial statements. This review is not a comprehensive review of all those systems or of the system taken as a whole and is not designed to uncover all weaknesses in those systems.

Auditor's Opinion on the NSW Charitable Funding Obligations

In our opinion:

- (a) the financial report of Compassion Australia has been properly drawn up, and associated records have been properly kept, during the financial year ended 30 June 2014, in accordance with:
 - (i) sections 20(1), 22(1-2), 24(1-3) of the *NSW Charitable Fundraising Act 1991*; and
 - (ii) sections 9(6) and 10 of the *NSW Charitable Fundraising Regulations 2008*.
- (b) the money received as a result of fundraising appeals conducted by the company during the financial year ended 30 June 2014 has been properly accounted for and applied in accordance with the above mentioned Act and Regulations.
