# This Week's Story:
David and Goliath
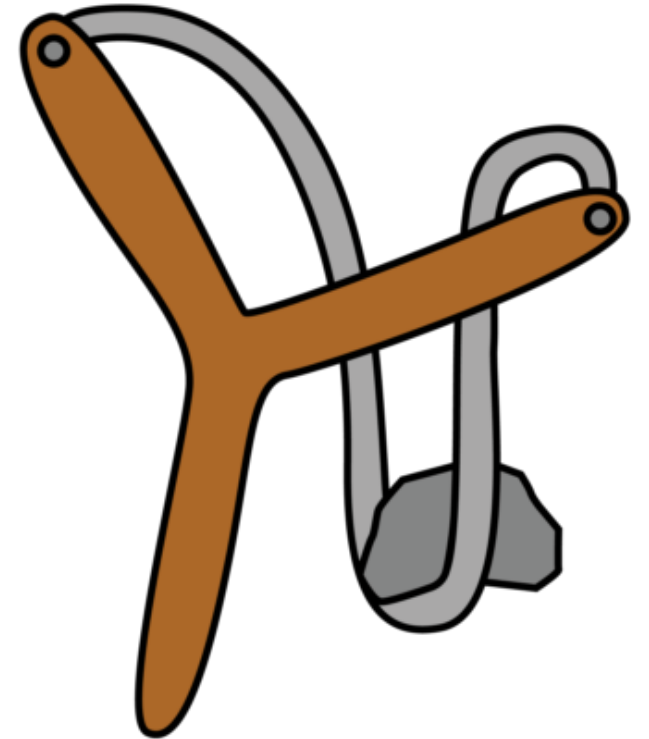

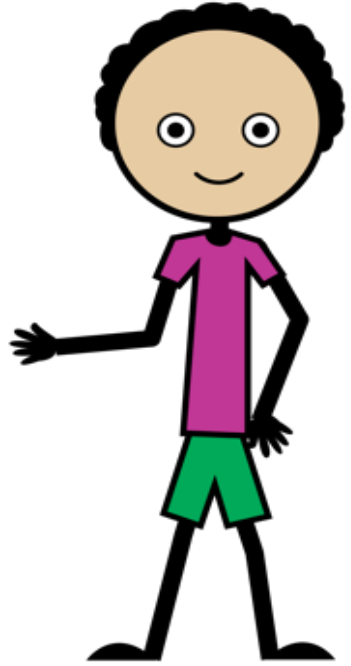

Teaching Truth:
God always wins

Goliath was a big, tall giant. He yelled at God's people to come and fight him, but they were too scared.
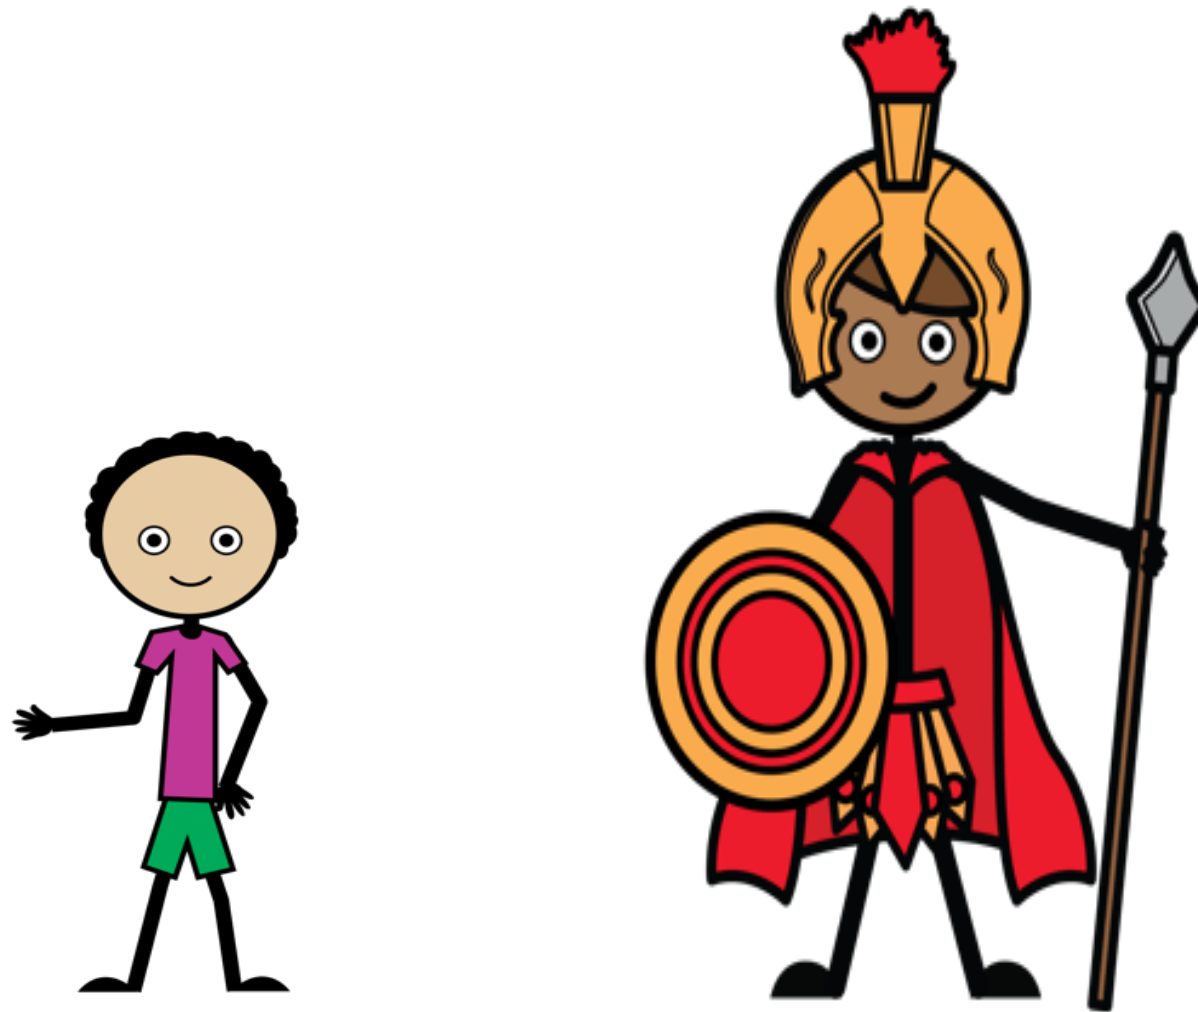

A boy named David came one day. He said he would fight Goliath. The king did not believe him.
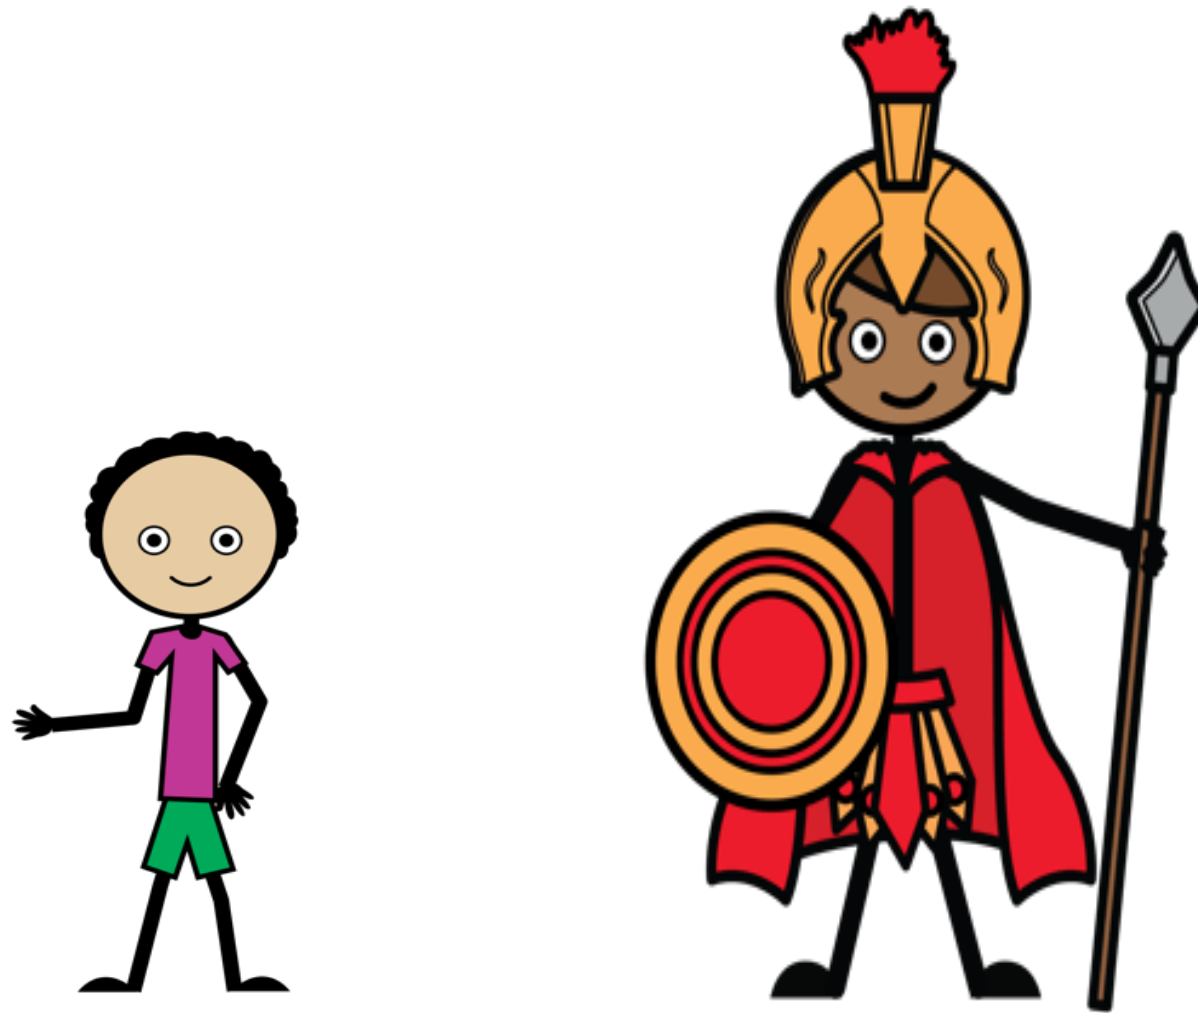

"How can you fight Goliath? You are not big," the king said. "God will keep me safe," said David. David knew God was bigger and stronger than any enemy he might face.
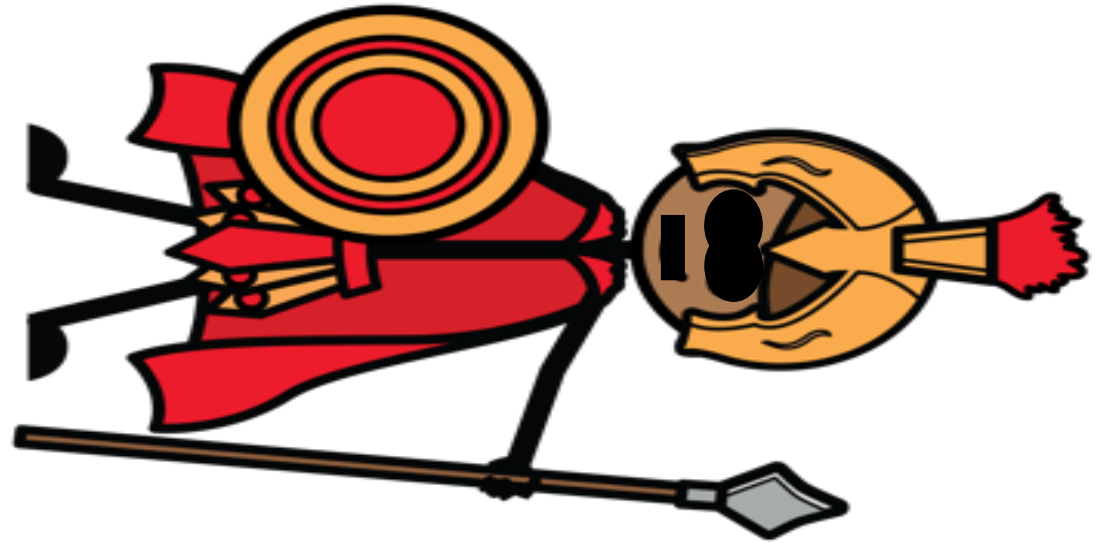

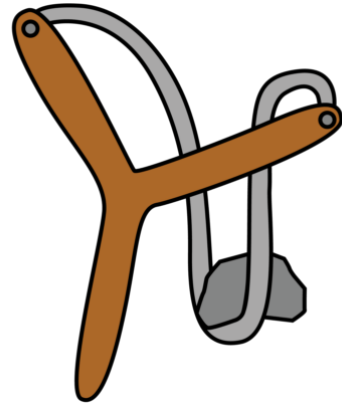

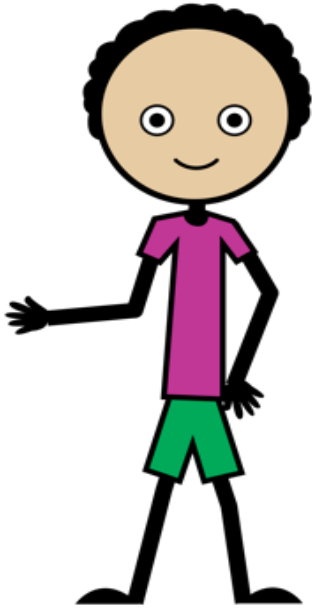

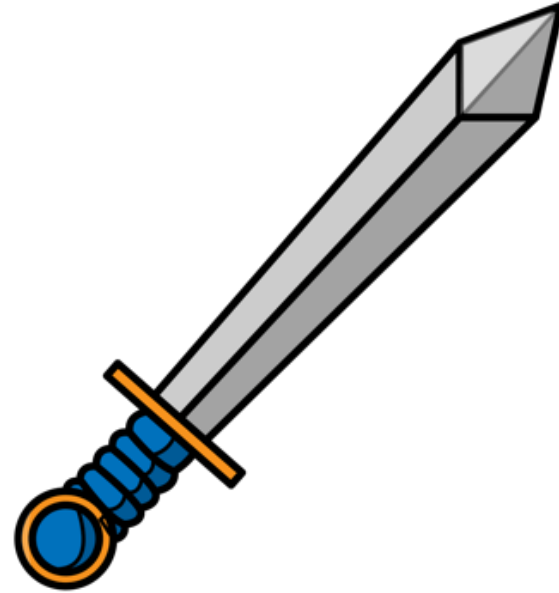

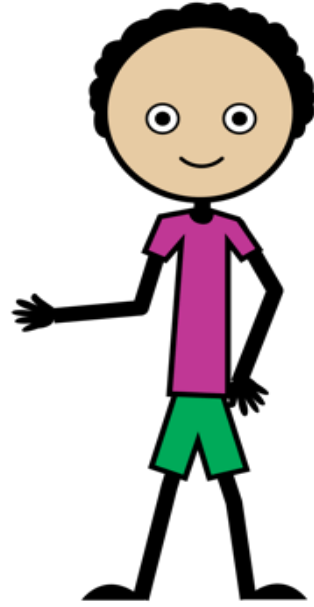

David went to a stream to choose some rocks
for his sling shot.

David went to fight Goliath.
Goliath laughed at David and God.

David said, "You come against me with a sword and spear, but I come against you in the name of the Lord Almighty!"

David used his sling and stones.
A stone hit Goliath's head and he fell down.

David used Goliath's sword to kill him. God's people were saved because God used David to defeat their enemies.

God always wins.
